On behalf of the Society for Georgia Archaeology, the local chapter of the Gwinnett Archaeological Research Society and the Fort Daniel Foundation we invite you to attend this educational program and learn the significance of this site to Gwinnett County’s frontier history.

Within the Student Center (*Level 1*), please join colleagues and friends for a quick lunch before traveling to the Fort Daniel site. Please see the map on [the SGA website](http://www.thesga.org) for directions.
